

<p style="text-align: center;">Nipaporn Ngernyuang (Doctor)</p>	<p style="text-align: center;">Academic Qualification:</p>
	<p>Ph.D. (Biomedical Sciences), Khon Kaen University, Thailand</p>
	<p>M.Sc. (Genetics), Kasetsart University, Thailand</p>
	<p>B.Sc. (Biology), Burapha University, Thailand</p>
	<p>Royal Decoration</p>
	<p>-</p>
	<p>Professional Achievements:</p>
	<p>-</p>
	<p>Academic Expertise:</p>
	<p>Molecular of cancer</p>
	<p>Gold nanoparticles and their anticancer activity</p>
<p>Current Research:</p>	
<p>1. Studying the role of angiogenesis gene in cancer</p>	
<p>2. Development of gold nanoparticles for drug delivery and treatment of cancer cell</p>	
<p>Honors/Awards:</p>	
<p>1. Travel Grant Award, Japanese Cancer Association (JCA), Japan (2014)</p>	
<p>2. Travel Grant Award, Japanese Cancer Association (JCA), Japan (2015)</p>
