Tel +66 2-5644440 ext.4434

Citizenship Thai

Position Associate professor (Anatomy), Chalabhorn International College of Medicine, Thammasat University

Education

2002- 2005 B.Sc. (Nursing science, 2nd Honors), Ramathibodi school of nursing, Faculty of medicine Ramathibodi hospital, Mahidol University, Thailand

2007-2013 Ph.D. (Anatomy and Structural biology), Anatomy department, Faculty of science, Mahidol University, Thailand

Job experiences

2005-2007 Register nurse, Emergency unit, Ramathibodi hospital

Training experiences

2011-2012 Molecular biology laboratory training at genecology laboratory, University of the sunshine coast, Queensland, Australia

Teaching experiences

2013-2014 Gross anatomy, Histology and Neuroanatomy for second year medical students, Faculty of sciences, Mahidol university, and Faculty of medicine, Thammasat university, Thailand

2014-Now Gross anatomy, Histology, Development and Neuroanatomy for second year medical students, Chulabhorn International College of Medicine

Research interests

Cell structure and biological functions, molecular biology and hormonal manipulation in reproduction and diseases, Transcriptomic approach on putative proteins in echinoderm and its effect on the degenerative diseases

Research experiences

1. Anatomical organization of the central nervous system and gonad in crustaceans
2. Hormonal distribution in the central nervous system and gonad in crustaceans
3. Molecular cloning, characterization, and expression of reproductive genes
4. Transcriptomic gene analysis in the crustaceans and echinoderms
5. Application of biotechnology in the aquatic animals
5. Effect of sea cucumber on osteoblast cell proliferation and differentiation

Research skills

RT-PCR, Real time PCR, Cloning, Gene expression, Histology, Immunohistochemistry, Cell culture, *In-situ* hybridization, Blast2go program and CLC workbench

Publications

International Journals

(2011) Existence and distribution of gonadotropin-releasing hormone-like peptides in the central nervous system and ovary of the Pacific white shrimp, *Litopenaeus vannamei*. Cell and Tissue Research 343: 579-593 (Impact factor 3.333)
23. Sroyraya M, Chotwiwatthanakun C, Stewart MJ, Soonklang N, **Kornthong N**, Phoungpetchara I, Hanna PJ, Sobhon P. (2010) Bilateral eyestalk ablation of the blue swimmer crab, *Portunus pelagicus*, produces hypertrophy of the androgenic gland and an increase of cells producing insulin-like androgenic gland hormone. Tissue and Cell 42: 293-300 (Impact factor 1.049)

Conferences

1. **Napamanee Kornthong**, Yotsawan Tinikul, Charoonroj Chotwiwatthanakun, Prasert Sobhon. Distribution of serotonin (5-HT) in the Central Nervous System and Ovary during Ovarian Maturation in the Mud crab, *Scylla serrata*. The 32nd Annual Meeting of the Anatomy Association (Thailand), 29-30 April – 1 May, 2009, Rayong, Thailand. (Poster presentation)
2. **Napamanee Kornthong**, Yotsawan Tinikul, Charoonroj Chotwiwatthanakun, Piyachat Chansela, Prasert Sobhon. Distribution of serotonin (5-HT) in the Central Nervous System and Ovary during Ovarian Maturation in the Mud crab, *Scylla serrata*. The CHE-USDC Congress II, August, 27-29, 2009, Pattaya, Thailand. (Poster presentation)

3. **Napamanee Kornthong**, Yotsawan Tinikul, Charoonroj Chotwiwatthanakun, Piyachat Chansela, Peter J. Hanna, Prasert Sobhon. Distribution of serotonin (5-HT) in the Central Nervous System and Ovary during Ovarian Maturation in the Mud crab, *Scylla serrata*. The 32nd Annual Meeting of the Anatomy Association (Thailand), April, 28-30, 2010, Nakorn Rachasima, Thailand. (Poster presentation)
4. **Napamanee Kornthong**, Charoonroj Chotwiwatthanakun, Scott Cummins, Peter J. Hanna, Prasert Sobhon. Cloning, Characterization and phylogenetic analysis of the red-pigment concentrating hormone (RPCH) gene in the Mud crab (*Scylla olivacea*), and its relationship to GnRH-AKH-Crz superfamily. The Annual Symposium: Hormonal controls of the crustacean reproduction, and possible applications in aquaculture, September 29, 2010, Bangkok, Thailand. (Oral presentation)
5. **Napamanee Kornthong**, Charoonroj Chotwiwatthanakun, Scott Cummins, Piyachat Chansela, Peter J. Hanna, Prasert Sobhon. Cloning, expression, and characterization of red pigment concentrating hormone (RPCH) in female mud crab (*Scylla olivacea*). The Annual Symposium: Hormonal controls of the crustacean reproduction, and possible applications in aquaculture, September 2, 2011, Bangkok, Thailand. (Oral presentation)
6. **Napamanee Kornthong**. PhD overview: A molecular study into how serotonin-induced changes influence reproduction of the mud crab, *Scylla olivacea*. The minisymposium: Towards enhancing aquaculture of crustaceans and fish: Molecular mechanisms of reproduction. February 27, 2012, University of the Sunshine Coast, Queensland, Australia. (Oral presentation)
7. **Napamanee Kornthong**, Charoonroj Chotwiwatthanakun, Scott F. Cummins, Piyachat Chansela, Narin Changklungmoa, Kanchana Kornchatri, Thanapong Khruangkum, Yotsawan Tinikul, Peter J. Hanna, Prasert Sobhon. Characterization and expression of red pigment concentrating hormone (RPCH) in the female mud crab (*Scylla olivacea*) and the effect of 5-HT on its expression. 2nd IASCBC & 36th AAT Annual Conference, 6-8 December 2012, Chiangmai, Thailand. (Poster presentation)
8. Jutarat Saengsuwan, **Napamanee Kornthong**, Supawadee Duangprom, Wittawas Srikawnawan, Sirikul Manochantr, Prasert Sobhon. The proliferative effect of sea cucumber extract (*Holothuria scabra*) on human placenta-derived mesenchymal stem cells. The 11th Asia-Pacific Microscopy Conference under the auspices of the Council of Asia-Pacific Societies for Microscopy (CAPSM), the International Federation of Societies for Microscopy (IFSM), the Microscopy Society of Thailand (MST), Phuket, Thailand, May 23 to 27, 2016.
9. **Napamanee Kornthong**, Jutarat Saengsuwan, Sirikul Manochatr, Supawadee Duangprom, Prasert Sobhon. The effect of sea cucumber extract on mesenchymal stem cell proliferation: Preliminary study and its perspectives. Diversity on Multidisciplinary Approach to Patient Self Care. Faculty of Medicine, Thammasat University, June 7 to 9, 2017.
(Invited speaker)

10. **Napamanee Kornthong**, Jutarat Saengsuwan, Supawadee Duangprom, Sirikul Manochantr and Prasert Sobhon. Identification of Growth Factors in Transcriptome of the Sea Cucumber, *Holothuria Scabra*, and its Roles on Proliferation of Human Mesenchymal Stem Cells. 2018 5th International conference on Biomedical and Bioinformatics engineering (ICBBE2018), at Okinawa Institute of Science and technology Graduate University, Japan, November 12 to 14, 2018. (Oral presentation)
11. **Napamanee Kornthong**, Saowaro Suvansa-ard, Jutarat Saengsuwan, Supawadee Duangprom, Sirikul Manochantr and Prasert Sobhon. Identification of Growth Factors in Transcriptome of the Sea Cucumber, *Holothuria Scabra*, and its Roles on Proliferation of Human Mesenchymal Stem Cells. *International Journal of Arts and Sciences' (IJAS)* academic conference in Freiburg, Germany, December 3 to 6, 2018. (Oral presentation)

Award

- Outstanding young researcher award, Thammasat university, 2015
- Best oral presentation award in 2018 5th International conference on Biomedical and Bioinformatics engineering (ICBBE2018), at Okinawa Institute of Science and technology Graduate University, japan
- Outstanding young researcher award (First runner up), Chulabhorn International College of Medicine, Thammasat university, 2019
- รางวัลบุคลากรที่ได้สร้างชื่อเสียงให้แก่มหาวิทยาลัย ของ ม.ธรรมศาสตร์ ประจำปี 2562

Funding

1. The Commission on Higher Education (CHE) Scholarship 2007-2011 to Napamanee Kornthong.
2. TU Research scholar 2015 Thammasat University to Napamanee Kornthong
3. CICM research scholar 2015, Chulabhorn Interantional college of medicine, Thammasat university to Napamanee Kornthong
4. TU Research scholar 2017, Thammasat University to Napamanee Kornthong
5. The Thailand Research Fund 2018-2019 to Napamanee Kornthong
6. CICM research scholar 2018, 2019, 2021 Chulabhorn Interantional college of medicine, Thammasat university to Napamanee Kornthong and Colleagues
7. National research council of Thailand 2019 to Napamanee Kornthong and Colleagues
8. Thai Science Research and Innovation Fundamental Fund 2020-2022 to Napamanee Kornthong
